COURSEWORK

UNDERGRADUATE
Design and Analysis of Algorithms
Data Structures
Operating Systems
Object Oriented Programming

SKILLS

PROGRAMMING
C • C++ • Python • Javascript

WEB TECHNOLOGIES
Node.js • Express • MongoDB
React• HTML • CSS • Bootstrap

POSITIONS

•Head Coordinator of dotslash
programming club at IIIT Nagpur.
• Former Sports coordinator at IIIT
Nagpur.
• Volunteered as coordinator in
technical fest of IIITN Tantrafiesta.

PROJECTS

BLOG APP
- Developed an interactive website using using HTML CSS Node.js Express and mongoDB where a user view, add, edit and delete a blog from the website.
- Code link: **Code**

RGB COLOR GAME
- Developed an web app called RGB color game using HTML CSS and JavaScript.Based on the RGB values of three numbers, select the color you think is being represented.
- Code link: **Code**

KEEPER APP
- Developed an web application using html,css,js and React as a framework in which user can keep or delete note
- Code link: **Code**

SORTING VISUALIZER*
- Developing a website which will visualise sorting algorithms in the form of graph by sorting array.Using node js, ejs and express.

EXPERIENCE

GEEKSFORGEEKS | TECHNICAL CONTENT WRITER
June 2020 – Aug 2020
- Published and improved articles on STL, Data Structures, Algorithms and Operating System
- Published **articles**
- Teaching Assistant in December 2019 to mentor freshers in competitive programming

ACHIEVEMENTS

PROGRAMMING ACHIEVEMENTS

- **Expert** at Codeforces
- **4 Start** at CodeChef
- **Gold Badge** on Hackerrank
- Solves almost 1000 coding problems on different platforms like codeChef, Codeforces, geeksforgeeks, Hackerrank, Leetcode, Atcoder.
